

SPECIFICATION SHEET

Product Group: **Café Barrier Systems**

PRODUCT NAME: CHALKBOARD PANEL

Product Code: **BLCPANEL**

Product Description

Chalkboard cafe barriers can be utilised for entertaining the client with a variety of messages, menus, or even for the younger patrons to be creative during their visit.

- ⇒ Our MDF boards are the standard go to chalkboard surface and are coated in several layers of high quality chalkboard paint. This high quality chalkboard surface has a much longer lifespan than a standard MDF board and is easily cleaned, unlike the MDF boards the Laminate surface will not leave a chalk ghosting effect when cleaned
- ⇒ Suitable with all of our café barrier posts
- ⇒ They are made primarily for external use, but can be used indoors too
