

SPECIFICATION SHEET

Product Group: **Café Barrier Systems**

PRODUCT NAME: WOODEN FRAMED PANEL

Product Code: **BLFWPANEL**

Product Description

The framed wooden panels are fast becoming a popular way to cordon off your alfresco area. A popular choice for a more rustic look. The wooden panels can be supplied in a heavy duty thick reclaimed timber, or a thinner wood for a lighter product.

- ⇒ Manufactured from either recycled scaffold board or timber
- ⇒ Fittings and frame available in over 200 RAL colours
- ⇒ Suitable with all of our café barrier posts
- ⇒ The wood can be stained or painted to a colour of your choice
- ⇒ The wooden framed panels are manufactured entirely in house and can be made at any width
