

SPECIFICATION SHEET

Product Group: **Café Barrier Systems**

PRODUCT NAME: WOODEN PANELLED SYSTEM

Product Code: **BLWPANEL**

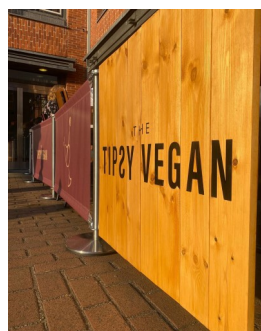

Product Description

Wooden cafe banners are becoming more popular each season. If you currently use canvas or PVC cafe barriers, the wooden cafe banner are perfect to give a new dimension to your alfresco area. The wooden cafe banners also provides a great focus point in an existing system. A series of canvas banners are perfectly broken up with a wooden panel in between them.

- ⇒ Manufactured from 20mm thick timber
- ⇒ Suitable with all of our café barrier posts
- ⇒ The wood can be stained or painted to a colour of your choice
- ⇒ The wooden panels are manufactured entirely in house and can be made at any width
- ⇒ Panel comprises of two half panels giving a total of 986mm (1200mm centres), making them easy to handle
