

# SPECIFICATION SHEET

Product Group: **Café Barrier Systems**

**PRODUCT NAME: WROUGHT IRON PANEL**

Product Code: **BLWIPANEL**

## Product Description

The Wrought Iron cafe panels are manufactured in wrought iron. These panels are new to our range.

- ⇒ The wrought iron panels are hard-wearing and designed to last
- ⇒ To give full flexibility, we have designed our wrought iron cafe panels to range from 1000mm to 1400mm
- ⇒ Because we manufacture in-house, we can ensure that not only will we adhere to lead times but we can make those small adjustments & design modifications that you need
- ⇒ Used for many years as railings and gates, wrought iron panels are perfect for a harsh external environment
