

# SPECIFICATION SHEET

Product Group: **Planters**

## PRODUCT NAME: COMBINATION PLANTER

Product Code: **BLCOMPL**

A popular “industrial” look planter comprising reclaimed pallet wood, clear-coated, mill finish steel framework and finished with a decorative twisted rod feature.

- ⇒ The Combination planter is supplied with 2 shelf options: either 300mm “full depth”, fully lined for planting or “shallow” 120mm for faux foliage
- ⇒ Manufactured entirely in-house, we can work with you offering bespoke sized planters to fit seamlessly on your terrace area
- ⇒ As well as a comprehensive choice of stain options the planters can also be branded in a variety of ways (stencilled, etched, printed)
- ⇒ To complete your project why not consider the other alfresco terrace products Brandline manufactures and installs including, café screening, giant umbrellas and awnings
