

SPECIFICATION SHEET

Product Group: **Planters**

PRODUCT NAME: FORJADO PLANTER

Product Code: BLFORJADO

The Forjado is a stunningly simple, lightweight, metal planter perfectly suited to modern and contemporary settings. Each is handmade from raw galvanised sheet, lock-jointed together for additional strength.

- ⇒ The Forjado planters are available in either a plain galvanised or powder coated finish (over 200 RAL colours to choose from)
- ⇒ Manufactured entirely in-house, we can work with you offering bespoke sized planters to fit seamlessly on your terrace area
- ⇒ The planters can also be branded in a variety of ways (stencilled, etched, printed) or complemented by the addition of branded café barriers
- ⇒ To complete your project why not consider the other alfresco terrace products Brandline manufactures and installs including, café screening, giant umbrellas and awnings
- ⇒ Forjado planters are supplied with drainage holes as standard
- ⇒ Planters are supplied as standard without wheels or feet and sit directly on the ground
