

SPECIFICATION SHEET

Product Group: **Traditional Posts & Rope**

PRODUCT NAME: **NAUGAHYDE ROPE**

Product Code: **BLNAUG**

Product Description

Naugahyde is the upmarket leather effect barrier rope featuring a rich leather like cover over a heavy-duty cotton core that provides smooth elegant drape between posts.

Naugahyde looks and feels like leather but has the durability and easy cleaning properties of vinyl.

- ⇒ Available in five colours—black, red, maroon, navy blue and hunter green
- ⇒ Available in three standard lengths—1200mm, 1500mm and 1800mm. Bespoke sizes are available upon request
- ⇒ Easy cleaning properties
- ⇒ Suitable for use with all of our rope posts
- ⇒ The trigger rope ends ensure accidental release is avoided. Lock the chord into place to ensure that they are not accidentally knocked from the ring on the barriers
- ⇒ Bound and sealed rope ensures that the ends will not fray after time. We use a solid wire to ensure that the rope will not become detached during use and will maintain the perfect barrier systems
