

SPECIFICATION SHEET

Product Group: **Traditional Posts & Rope**

PRODUCT NAME: POLYHEMP ROPE

Product Code: BLPOLYMEMP

Product Description

Our premium Polyhemp barrier ropes are the perfect choice when you are looking for tough, strong washable barrier ropes. Polyhemp provides an excellent rustic feel to any environment. This rope has a solid weave and we heat seal the ends to eliminate fraying. Polyester hemp ropes are great for outdoor use but are also suited for indoor use. Because of its natural look, it is also used as decoration rope in many occasions.

- ⇒ Available in three standard lengths—1200mm, 1500mm or 1800mm. Bespoke sizes are available upon request
- ⇒ Available in 2 diameters—24mm or 38mm
- ⇒ Suitable for use with all of our rope posts
- ⇒ The trigger rope ends ensure accidental release is avoided. Lock the chord into place to ensure that they are not accidentally knocked from the ring on the barriers
- ⇒ Bound and sealed rope ensures that the ends will not fray after time. We use a solid wire to ensure that the rope will not become detached during use and will maintain the perfect barrier systems

Options

- Custom lengths
- Choice of rope end finishes
