

# SPECIFICATION SHEET

Product Group: **Retractables**

## PRODUCT NAME: QUEUEPRO 300 SURFACE MOUNT

Product Code: **RETQUEUEPRO300SUM**

### Product Description

The QueuePro 300 Fixed is designed for creating large queue systems where its 4.9m belt halves the number of barriers that are needed with the industry standard belt. Fewer barriers lowers total purchase cost and reduces the labor required to set up and take down queue systems. The belt mechanism is housed inside the post giving the QueuePro 300. Fixed a sleek, elegant look and despite the long span the belt won't sag. Made from a heavy duty steel post and offering a high quality fixed base that is ideal when the queue system is permanent.

- ⇒ Our belt cassette offers key safety features including a belt brake for slow belt retraction and a constant torque spring mechanism for smooth and silent belt retraction
- ⇒ Universal belt end connects to all major brands and features a belt lock which prevents accidental belt release
- ⇒ For permanent fixing the barrier is fitted with a 127mm flange that enables it to be surface mounted to the floor. A decorative flange cover is also available
- ⇒ Each stanchion features 4-way connectivity with one expandible belt and three universal connection splines
- ⇒ Available in 3 finishes—polished stainless steel, satin stainless steel or black
- ⇒ 23 standard belt colours and 15 pre-printed safety messages. Alternatively we can custom print a message to your requirements
