

# SPECIFICATION SHEET

Product Group: **Retractables**

**PRODUCT NAME: SUPERMAX 16.0 WALL MOUNT**

**Product Code: WM/SUPER16.0**

## Product Description

The 16 SuperMax is a wall mounted retracting belt barrier available with a 16m belt. These extreme length belts are designed for restricting access in very long span applications such as warehouses, machine guards and airport tarmacs.

- ⇒ The belt mechanism is protected by a heavy-duty housing designed for outdoor use and is supplied with a wall mounting bracket for attachment to any vertical surface. The mounting bracket features a bearing that allows the belt unit to swivel so the belt can be pulled out at an angle.
- ⇒ The head unit can be easily removed from the wall mount bracket so the same unit can be used on multiple mounting brackets within your facility.
- ⇒ 23 standard belt colours and 15 pre-printed safety messages. Alternatively we can custom print a message to your requirements
- ⇒ 4 tape end options—universal, magnetic, S clip or panic break
