

SPECIFICATION SHEET

Product Group: **Traditional Posts & Rope**

PRODUCT NAME: TRADITIONAL CROWN ROPE POST

Product Code: **PRTRADC**

Product Description

The Traditional Crown rope barrier is one of the most recognised rope barriers around. The traditional head provides a classic look to your rope and post barriers.

- ⇒ Supplied in either stainless steel or polished brass, the Traditional Crown post is seen as a high class, high quality, low cost barrier
- ⇒ Suitable for twisted, braided, or velour rope the Crown top brings the classic look into your queue system
- ⇒ This rope barrier features heavy duty stainless steel sub components and a galvanised cast iron base so it will look new for years to come
- ⇒ The base has a factory fitted full floor protector designed to last the entire lifetime of the post
- ⇒ Many stanchions have sand cast rope loops but the Traditional loops are forged for incredible strength
