# SPECIFICATION SHEET

Product Group: **Retractables**
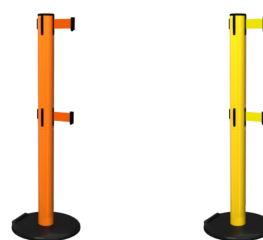

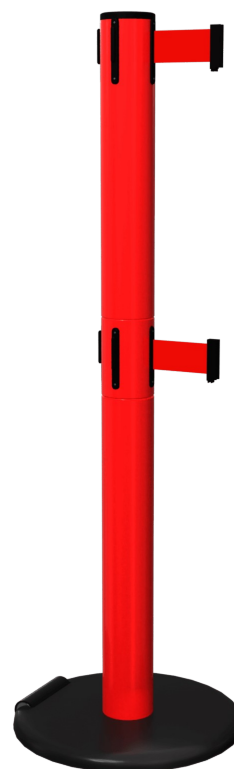

## PRODUCT NAME: **ROLLERSAFETY 300 TWIN**

## Product Code: **RETROLLERSAFETY300TWIN**

### Product Description

RollerSafety 300 Twin combines the durability of a steel post and cast iron base with the convenience of a roller base for fast, easy deployment. RollerSafety is ideal for working environments where barriers must be set up and taken down regularly. The lower belt restricts pedestrians from ducking under the belt.

⇒ A full circumference rubber floor protector provides maximum protection for expensive show room floors

⇒ Our belt cassette offers key safety features including a belt brake for slow belt retraction and a constant torque spring mechanism for smooth and silent belt retraction

⇒ Universal belt end connects to all major brands and features a belt lock which prevents accidental belt release

⇒ Each stanchion features 4-way connectivity with one expandable belt and three universal connection splines

⇒ Available in 3 colour options —orange, red or yellow

⇒ 3 standard belt colours and 15 pre-printed safety messages. Alternatively we can custom print a message to your requirements

### Technical Data

**Weight :**                  11 kgs

**Overall Height :**          1015mm

**Post Diameter :**           75mm

**Base Diameter :**           355mm

**Base :**                    Concrete with full circumference floor protector

**Belt Width :**              50mm
