

SPECIFICATION SHEET

Product Group: **Retractables**

PRODUCT NAME: SAFETYPRO

Product Code: RETSAFETYPRO

Product Description

The SafetyPro allows a single person to restrict access to very large areas in just minutes. Fitted with two 22m retracting belt units on a wheeled stand the SafetyPro has a total of 45m of belt length making this the longest retracting belt barrier available. Simply wheel the SafetyPro into position and then extend the belts.

- ⇒ The swivelling belt housings allow the belts to be deployed in a straight line at 90 degrees to each other or at any offset angle
- ⇒ The SafetyPro's standard belt end connects to another SafetyPro unit or to a wall receiver or an S-Clip belt end can be supplied so the belt can be secured around any vertical structure
- ⇒ The wheeled base not only makes movement of the unit easy but its heavy weight makes the SafetyPro stable in windy conditions. Ideal for restricting access on airport tarmacs, stadiums, factories, warehouses, parking garages, or anywhere long length safety barriers are required
- ⇒ Our belt cassette offers key safety features including a belt brake for slow belt retraction and a constant torque spring mechanism for smooth and silent belt retraction
- ⇒ Universal belt end connects to all major brands and features a belt lock which prevents accidental belt release
- ⇒ Available in 2 colour options —red or yellow
- ⇒ 2 standard belt colours and 15 pre-printed safety messages. Alternatively we can custom print a message to your requirements

Technical Data

Weight :	58.5 kgs
Overall Height :	1041mm
Post Diameter :	152mm
Base Diameter :	533mm x 508mm
Belt Width :	50mm
Belt Length Options :	2 x 22.8m
