

SPECIFICATION SHEET

Product Group: **Shade & Shelter**

PRODUCT NAME: SOLANO TERRACE SCREEN

Product Code: BLTERSCRSOLANO

- ⇒ The Solano is a terrace screen system made in the UK that offers shelter and shade for your outdoor spaces. It's perfect for businesses like restaurants, cafes, coffee shops, bars, pubs, and theme parks.
- ⇒ Our screens are constructed with high-quality materials to ensure durability and longevity.
- ⇒ The 6mm toughened glass provides a sturdy and reliable barrier, while the powder-coated aluminium framework adds a sleek and modern touch to the design.
- ⇒ To further enhance the strength and resilience of the structure, we use hot-dipped galvanised steel for all the fixing hardware. This combination of materials ensures that our screens are not only stylish but also built to withstand the test of time.
- ⇒ The Solano is available in various sizes, styles, and colours, with a plethora of accessories and custom solutions to choose from.
- ⇒ You can even have your logo or message branded on these terrace screens to enhance your visibility on the high street and draw in more customers.
