

SPECIFICATION SHEET

Product Group: **Café Barrier Systems**

PRODUCT NAME: ACRYLIC SCREEN

Product Code: **BLACR**

Product Description

The Acrylic café banners are manufactured from 8mm clear acrylic. The Acrylic panels are a firm favourite for the more robust venues.

- ⇒ Suitable for interior and exterior applications
- ⇒ Available in over 50 colours & finishes
- ⇒ **Lightweight** : Our acrylic screens weigh half as much as an equivalent glass pane, making installation, transportation, and handling an easier, and more attractive option.
- ⇒ **Cost Effective**: Acrylic is much cheaper than tempered glass and is much easier to replace.
- ⇒ We ensure that the edges are smooth and polished. This avoids health and safety issues.
